Customer No. 22,852  
Attorney Docket No. 02418.0884

### REMARKS

By this amendment, the original claims 3-13, 15-18, 20, and 22-23 have been amended to eliminate the multiply dependent claim language. Claims 1-15, 18-21 and 23 have also been amended to make simple clarifications of the subject matter recited therein and/or to remove unnecessary subject matter (e.g., reference numbers). With respect to claims 8-12, 15-17 and 22, language indicating exemplary or preferred permutations has also been removed. All amendments herein are made for clerical reasons to bring the claims into conformance with U.S. practice, and thus are not related to patentability. Further, no new matter is being added as a result of these amendments. Additionally, Applicants maintain that all of the originally-filed claims continue to be within the scope of overall invention, and respectfully reserve the right to present any of such claims at a later time.

If there is any fee due in connection with the filing of this Preliminary Amendment, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,
